

The School Song

"Only The Best is Good Enough"

*Today, we declare, we will be, and the future is ours
With strength, from fathers, who guide us here,
Where our journey begins to where it ends.*

*Only my best is good enough
Through thick and thin God's grace will bear me up
We'll attempt great things and expect great things from God
There is no limit, to what we can be
We'll need the help of a community, who like us believe
That ONLY THE BEST,....IS GOOD ENOUGH!*

*We see, in front, our eyes, opportunities we must take
To make, our country, a better place
With each man as my friend, we'll journey on
Together we'll make a better morn.*

*That is our school, (rep)
Where we're proud to be (rep)
